”

*Education is the most powerful weapon which you can use to change the world.*  
- Nelson Mandela

## The Sagar School Career Forum

*“Until you spread your wings, you have no idea how far you’ll fly.” - Anonymous*

Career information should be readily accessible to students at all stages in their schooling. Thus, we at The Sagar School have started a forum – TCF for a range of talks that are organised with the main aim of making students aware that they have a career path to take once their schooling is over. The onus is on us to prepare them from an early age. These talks are meant to trigger and inculcate the thinking process of students about career management.

WEBINAR ON  
**PILOT  
CAREER -**  
future of our  
skies

### RESOURCE PERSON

Mrityunjay Hawaibam – Class of 2010

### GUEST SPEAKERS

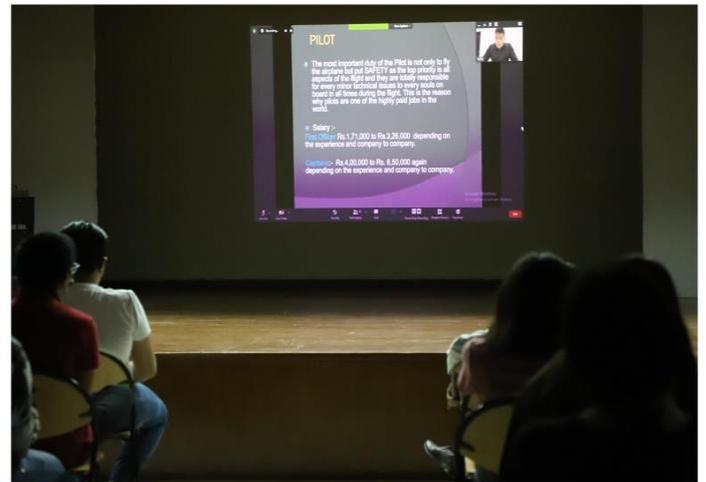

Rishabh Madaan – Class of 2010

Phuntsog Angmo – Class of 2014

*A webinar by our Alumni working in the Aviation Industry in India and Abroad.*

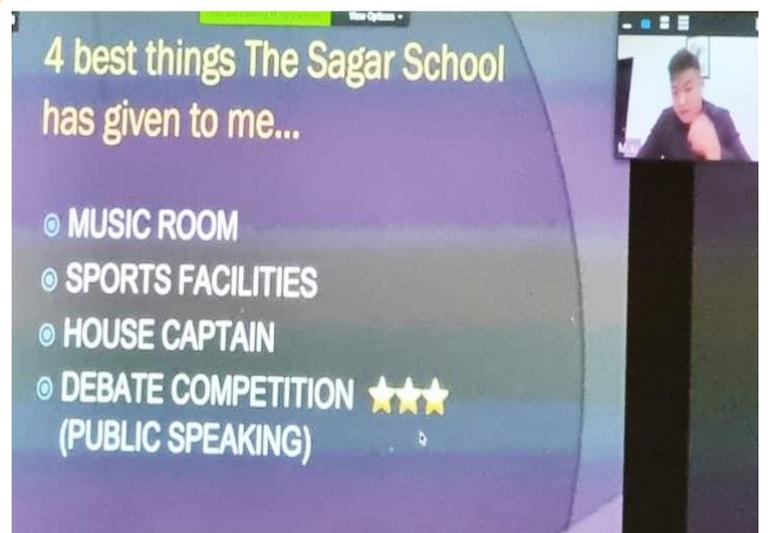

*“Great pilots are made, not born. A man may possess good eyesight, sensitive hands, and perfect coordination, but the end result is only fashioned by steady coaching, much practice, and experience.”*  
– Air Vice-Marshall James Edgar Johnson, RAF Officer

It is rightly said that, “Children are great imitators, so give them something great to imitate”. And who can be a better role model to the young Sagarians than an ex-member of the glorious community who has touched the zenith. Quite literally touched the zenith! The Sagar School Career Forum is an initiative to encourage the students to not only to dream big but also to know the various future possibilities. A virtual career talk on Aviation was led by the members of alumni: Mrityunjay Hawaibam, Class of 2010, First Officer with Spicejet, addressed the students; Rishabh Madaan, Class of 2010 and Phuntsog Angmo, Class of 2014, shared their struggle and success stories.

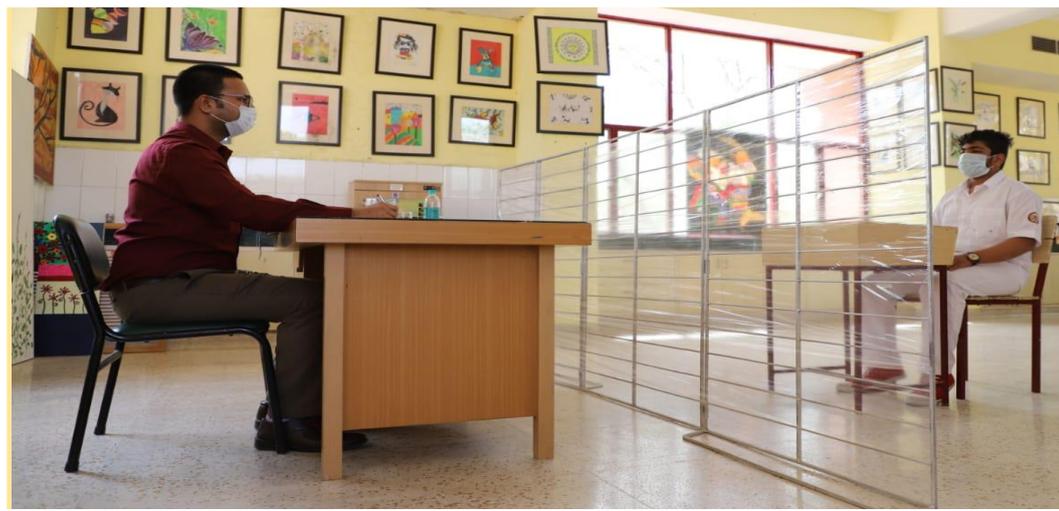

### Remembering the Roots :

Our alumni dedicated their success to their alma mater. The learnings from The Sagar School, as Mrityunjay put it, had taken him a long way in his journey. Imbuing the leadership quality as well as public speaking were the crucial ones for him.

# CBSE Internal Assessment and Practical

In view of the Covid-19 Pandemic, the Central Board of Secondary Examination has allowed schools to conduct practical exams till the last date of theory exams this year. Adhering to the protocols and guidelines laid down by the authorities, the practical exams at The Sagar School are being conducted in full swing. From sanitising the laboratories before the examination and setting up a transparent screen to wearing

masks and maintaining social distancing during the entire exercise, no stone is left unturned to ensure that the exams are conducted safely and smoothly.

Ensuring safety is our first priority:

Transparent screens have been set up for the external examiners to communicate safely and smoothly during viva voce.

Written Internal Assessments and Laboratory experiments are in Progress

# Test-taking Strategies for CBSE Class X

Good performance and conduct are coveted, but sometimes young minds need guidance to polish their skills to become the best versions of themselves. The school has taken a vital step in this direction by taking one to one sessions for the Board batch students in the presence of the Principal, Vice Principal, Dean of Academics and their subject teachers. The agenda was to help them make exam-oriented strategies, set achievable goals and channelise their energy to do well in their board exams.

# Stepping Into a New Session: 2021-22

After an exhaustive year of qualms and crisis, we staunchly stepped into a New Academic Session: 2021-22. The students of Class X, the new session, are back on campus. Following the safety norms, they have now started their in-person classes as well. The air of exhilaration of seeing the familiar faces in a familiar environment is mutual for both the students and their teachers.

Physical fitness is the first stepping stone towards building a healthy mind and body. Along with the early morning fitness and meditation regime, the Sagarians are engaged in art, music and dance classes to ensure the perfect balance.

Nothing better than being “silly, honest and kind” and none other than our juniors have the absolute cult of all the three. So the elation of starting the new session with them is an absolute delight as well as an adventurous ride. Before we begin with the new classes, an

online induction session was organised for both the students and the parents to give an overview of the yearly schedule, details of the subject and the format of the examinations. We are all looking forward to what this session has to offer us in terms of joy, enthusiasm, experiences, good laughter and fine memories.

## **ART INTEGRATED ACTIVITY: EXAMPLE-1:**

# Students' Creative Corner

You misjudged me  
saw one side of me  
thought you'd call me  
a drop of water,  
look up now  
into my eyes  
see me for  
the ocean I am.

Dishita Mukherji, Class X

Wamika Mishra, Class VI

Wamika Mishra, Class VI

Creativity involves breaking out of established patterns in order to look at things in a different way.

- Edward De Bono

Coffee in one hand  
Pen in other  
Eyes on the book and  
Mind at work.  
Window's changing colour  
Of the sky same as  
Someone's changing their  
Future from dark to light.

Dishita Mukherji, Class X

# Farewell Cricket Match

Cricket is the language that we all have been taught to speak since childhood. If taken a poll, everyone would agree that cricket builds us, unites us and shapes us. The game teaches us to play and win as a team. Sagarians, similarly take pleasure in the occasional cricket matches played on a Sunday morning. As the students of Class XII proceed towards their CBSE board examination, their juniors decide to honour them by playing a friendly cricket match as a gesture to bid adieu.
