A HAPPY HOMECOMING

BACK TO (HOME) SCHOOL : WELCOMING SAGARIANS POST LOCKDOWN

“Be not afraid of going slowly; be afraid only of standing still.” – A Chinese proverb that fits the bill now more than ever as our outgoing batch of Class XII students settles down on campus leading a normal routine. Our students of Class X have returned to campus and are resuming their lessons in quarantine. It’s a *Happy Homecoming*. Our students are older, wiser and stronger in their resolve.

The most major aspect of continued unlocking of public activity during the COVID-19 pandemic is the decision of the state to reopen schools for the students in January. The Sagar School is ready to strike off the risks with the revamped measures and paraphernalia to welcome back the sinews of the system.

UV SANITISATION, THERMAL SCREENING AND RT-PCR ON CAMPUS

NEW NORMAL : NEW THINKING

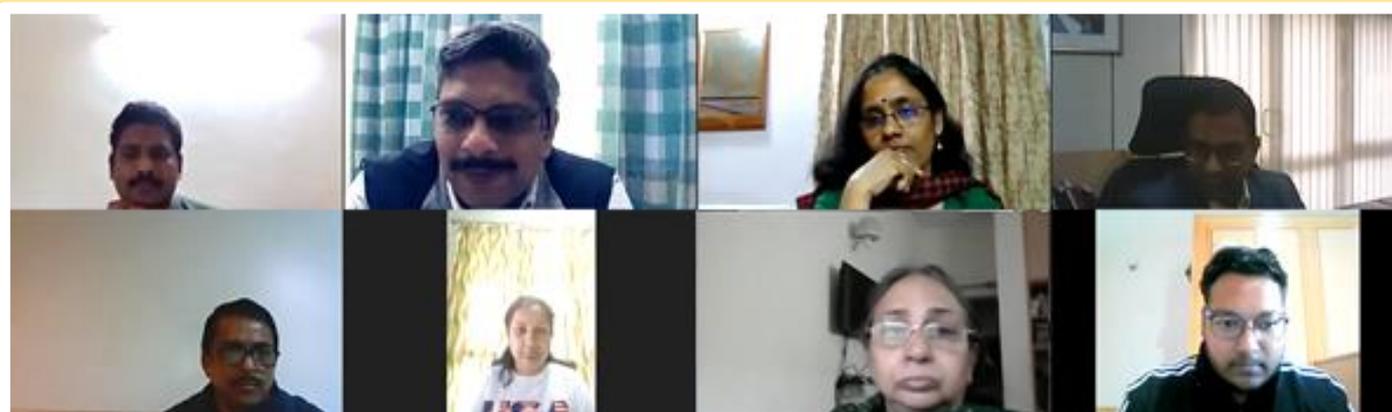

We cannot re-write the chapters of history already past, but we can learn from them, evolve and adapt. The new normal may even be a better normal, certainly a different one. The arrival of the students was thoroughly premeditated into steps. Beginning with the UV sanitisation process to regular thermal scanning, the students have been conditioned to attend their lessons in a physical classroom. It was a grand event for both the arrivé and the recipient, as it was after a long detachment of ten months that the campus was resplendent with these bright faces.

There has been an exhaustive chain of COVID-19 news, alarming statistics and ambiguous solutions. The teachers at The Sagar School empathise with the struggles their students have gone through and are having interactive sessions regularly to provide emotional support.

MORNING PRELUDE WITH PRAYER AND POSITIVITY

The auditorium echoed again with the chorus voices, proudly singing the school song together. The conventional gathering began with a prayer followed by the Principal's sublime message on staying calm and positive as the examination advances. A brief video was shared on the mental well-being of the students.

A very distinctive one-to-one interaction with the students of the board batch was effectuated where candid opinions about their academic status were shared. The entire team of Academicians suggested personalised strategies to achieve the set targets for CBSE 2021. The required support from the team can definitely actualise their goals.

Class	12	Theory Marks				CBSE
		HY	TR	PB		
Section	H	Exam	Exam	Exam		Target
		Out of				
1	English	80	69	69	70	76
2	Pol. Sci.	80	77	72	72	76
3	Geography	70	62	57	57	70
4	Sociology	80	67	75	70	77
5	Psychology	70	56	46	63	70

ADDING BUBBLES OF HAPPINESS TO THE BIO-BUBBLE WORLD OF THE SAGAR SCHOOL

Ms. Manjula Ambastha, House Parent – Senior Girls, has manifested her exhilaration through a message for her girls: *“The clock started ticking again and thank God for that! The suspended moment was one year long, almost. I have missed the girls dearly and it is so wonderful to see the hostel coming back to life with the usual chirpiness. Happy and cheerful vibes are echoing the corridors again. I am sure it's a home coming for you too! Now, let's shrug off the rustiness and get back to life and business of studying. Wish you all the very best.”*

WELL BEGUN IS HALF DONE!

It was an emotional experience for the teachers to meet their students after a gap of ten long months. This is a moment etched in the history of The Sagar School and education. The trust that the parents have in the management is beyond compare.

With confidence and grit the scholars have decided to fight all odds. The classroom sessions proves to be hours of bonding and learning! As we step into to begin the new innings with a bang, we look forward to a culmination bearing rich dividends.

VIBRANCY OF VASANT PANCHAMI

"If winter comes, can spring be far behind?" – Percy Bysshe Shelley

The festival of Vasant Panchami marks the end of the winter and ushers in spring, shrouding Mother Earth in yellow again to rejoice the vibrancy of life! As we celebrated the arrival of the students, our tiny tots of The Sagar School have also prayed and celebrated a day dedicating to the Goddess of Learning. The kids designed a rangoli of flowers and reflected the joys, hope and love of the springtime.
